

May 5, 2008---RSI Roofing of San Diego was awarded with a “Master 10 Certificate of Quality” from GAF Corporation. The award was for a re-roof completed at the Commercial Facilities building; a 23,191 square foot building located at 920 Morena Blvd in San Diego. The certificate is only presented to “Those Certified Contractors who demonstrate a commitment to excellence and exceptional customer satisfaction by earning GAF’s highest quality roof installation inspection rating of a “10.” *“We take a lot of pride in our work and these certificates just confirm to our customers that we practice what we preach.”* David Susi, president **RSI Roofing**.
