

### **RSI Roofing to re-roof office building**

**RSI Roofing** of San Diego has signed a contract with Scantibodies Laboratory, Inc. to re-roof a two story office building located in Santee, CA. **RSI** will be removing the existing foam roof and replacing it with a white-reflective Title-24 compliant roof. The installation includes a *Firestone* 60-mil Single-ply TPO system covering over 120,000 square feet. ***“RSI, in conjunction with Scantibodies Laboratories, have developed energy saving specifications to be used on all Scantibodies facilities.”*** -**Sam Bailey; Project Manager, RSI Roofing.**
