

RSI Roofing signs a roof maintenance contract with Sunroad Automotive

RSI's Roof Maintenance Division of San Diego recently signed a maintenance contract covering six dealerships from Kearny Mesa to El Cajon and Chula Vista. The contract totals over \$50,000 and includes complete maintenance, inspection and repair of all six dealerships.

*“It’s very rare for a roofing company to have a separate Roof Maintenance division; but we feel we owe it to our customers to have dedicated specialists in maintenance so the job is done right the first time while carrying the same integrity and values that **RSI** holds. We are excited that Sunroad sees the importance of that,”* David Susi, president-**RSI Roofing**.

RSI's Roof Maintenance Division (along with the Rain Gutter Division) is located across the 163 freeway from their corporate headquarters in Kearny Mesa, on Chesapeake Ct.
